

Alaska Riser Recliner

Product Code: CLR50BLK

The Alaska Riser Recliner is our most robust chair, specifically engineered for those with a larger physique or bariatric requirements. It features our widest seat design at a generous 72 cm / 28.3" and supports a high maximum user weight of 200 kg / 31.5 stone.

The chair is built with a powerful dual-motor mechanism, enabling the legrest and backrest to be operated independently for countless recline positions, from sitting upright to a full 'snooze' position. Comfort is ensured by the supportive, ergonomically contoured waterfall back cushions and a fully padded chaise. The 5-button handset includes a 'Smart Function' to return the chair to a standard sitting position at a single touch. For multi-user or care environments, the Alaska is upholstered in a practical, wipe-down, anti-microbial PVC. It also includes a battery back-up for safety during power cuts, making it a reliable and heavy-duty solution.

KEY FEATURES

Extra-Wide Bariatric Design: Specifically built for a larger physique, this chair features a generous 72 cm / 28.3" seat width and a robust frame supporting a high user weight of 200 kg / 31.5 stone.

Smart Function Handset: The 5-button handset includes a clever 'Smart Function' button that allows you to return the chair to a standard sitting position with a single press.

Fully Padded Chaise Lounge: Enjoy full-body support with the fully padded chaise design, which ensures there are no gaps between the seat and footrest for continuous comfort.

Battery Back-Up Safety System: For your peace of mind, an in-built battery back-up system allows the chair to be moved to a safe position in the event of a power failure.

Independent Dual Motor System: The powerful dual motors allow you to operate the backrest and legrest separately, giving you a countless number of recline positions for personalised comfort.

Supportive Waterfall Backrest: The ergonomically contoured, waterfall-style back cushions provide exceptional support and comfort, from watching TV to relaxing in a full "snooze" position.

Easy-to-Clean Durable Upholstery: The chair is covered in a practical and highly durable upholstery that is simple to wipe clean, making it perfect for managing spills and maintaining hygiene.

Quiet, Safe & Convenient Operation: The smooth motors operate quietly, while a safety key prevents accidental movement. Two side pockets provide ample storage for your essentials.
